As Presented by

Rahul's Mummy (K. Uma Devi)

Rahul's Papa (Er. K. U.M. Rao)

Hello Friends,

Greetings from Rahul's World.

We are a parent of a single child but a 'challenged child'. This challenge made us decide 'No more children'. Since 10 years, he continues to be our World.

RAHUL'S PAST:

- ❖ Identified with BILATERAL PROFOUND SENSORINEURAL HEARING LOSS.
- ❖ Even Digital hearing equipment could be of no use.
- ❖ Diagnosed by doctors all over India that Rahul could never HEAR nor SPEAK.
- ❖ Advised by our friends and relatives not to invest all our energies, time and money on a child who could never SPEAK in his lifetime.
- ❖ We put him in "ASHA KIRAN" Special School in Jamshedpur.

We would have surrendered to fate, after lot of trials, tribulations and financial costs. But for the Audiologist **Sri Sanjay Kumar Mishra** who enlightened us about medical and surgical development "**COCHLEAR IMPLANT SURGERY**" and Padmasri **Dr.J. M. Hans**, a Humanist first and Surgeon next who did surgery on Rahul, at the age of 7 Years 9 Months successful surgery.

RAHUL'S PRESENT:

- ❖ He is able to Listen and speak
- ❖ Studying in normal school securing 96% marks achieving & maintaining second rank in the class.
- ❖ Daily narrates to his parents about his each moment spent at school
- ❖ Accompanies his mother in shopping.
- ❖ Now able to travel small distances individually without his mother's help.
- ❖ Gradual improvement in communicating coherently in English, Hindi and Telugu.
- ❖ Initiated learning key Board.

FIVE FACTORS FOR RAHUL'S SUCCESS:

- ❖ COCHLEAR IMPLANT
- ❖ SURGEON AND HIS GUIDANCE
- ❖ SPEECH PATHOLOGIST AND AUDIOLOGIST
- ❖ MOTHER'S CARE
- ❖ FAMILY SUPPORT

A FATHER'S PLEA:

Dear friends,

I know how immense pleasure and joy it gives me when Rahul shares his daily events with me. MY SON IS ACTUALLY SPEAKING. Out of above 5 factors of Rahul's success parents are not attempting fully. Out of 30 patients we counseled voluntarily only three opted surgery and rehabilitation thereafter. ONE YEAR AFTER SURGERY IS VERY CRUCIAL. PLEASE DON'T NEGLECT IT. YOUR CHILD CAN DO WONDERS IF YOU ARE WITH THEM. YOU CAN BE AS HAPPY AS I AM!

A MOTHER'S PLEA:

Dear all,

By the time we took our son to surgery it is very late and his age was advancing. Still with the tremendous encouragement from Dr. Hans, and our audiologist we took a chance. Doctor *saab* is with us throughout this struggle. He is very rare human being who by his deeds has achieved greatness. To me, it used to be nightmare to leave Rahul's hand even for a fraction of second while travelling. What if something happens to him as he can't hear or speak? But today this surgery and speech training made his life better. I am thankful to Doctor *saab* and team of RML, NEW DELHI who made impossibility a possibility. I am thankful for ever to one and all who supported the success. DEAR FRIENDS, WHEN PEOPLE CAN TRAIN PARROTS ETC.. CAN'T WE TRAIN OUR OWN CHILDREN TO MAKE THEM NORMAL?

Rahul's Reflections

Aab Sun saktha hoon mein
Maatha , pitha aur sab ki awaaz ko
Bolne lagaa hoon mein
Sab se, apne jubaan mein
Zee ne lagaa hoon mein
Apni zindagi apni tharah
Mere matha pitha our sab mahaan!!!
Mere Doctor sab mahaan!!!
Mera bharaat bhee mahan !!!

Now, I am able to hear
Mother, Father and everything
I am able to speak now
I am able to live my life
On my own!
My Mother, Father and all are great!!!
My Doctor *saab* is great!!!
My India too is great!!!

Friends, in this process we lost one important thing... TIME... which waits for no one. In order to facilitate such challenged parents, we initiated a networking center named as "DR.J.M.HANS COCHLEAR IMPLANT NETWORKING AND COUNCELING CENTER" you can contact us at the following address:
